I.—Read the following Budget Estimates for the year 1894-95 :—

1. Consolidated Budget Estimate of Receipts and Expenditure for 1894-95.
2. Statement showing the assets upon which the local cess has been calculated for 1894-95. Ex. A.
3. Details of original works proposed to be executed by the Public Works Department and Revenue Department for 1884-95. Ex. B.
4. Details of allotment of expenditure on repairs of roads, &c., to be carried out by the Public Works Department and Revenue Departments during the year. Ex. C.
5. Statement showing the details of Civil charges for 1894-95 audited by the Comptroller. Ex. D.
6. Statement showing the Talukvar Estimates of Receipts and Expenditure for 1894-95. Ex. E.

II.—The balance at the credit of the Board on 1st July 1893 was Rs. 36,856-5-2 as per Comptroller's Docket No. 625, dated 27th September 1893, and the estimated Receipts for 1893-94 was .. .. Rs. 88,090 0 0

Deduct the estimated Expenditure as per sanctioned Budget and modified grant for 1893-94 .. .. " 67,663 0 0

The opening Balance on 1st July 1894 would be .. .. " 16,430 0 0

Add estimated Receipts for 1894-95 .. .. .. " 83,400 0 0

Total .. 66,970 0 0

Thus the total assets available for expenditure for 1894-95 is 66,970-0-0.

As the amount available for expenditure is too small to meet the cost of the urgent works that are to be undertaken, the Board resolve to move the Government to grant sufficient funds from Provincial funds for the Malnad road system to enable the Board to wipe off the minus balance of Rs. 16,430 spent on western Malnad roads. The estimate of expenditure has therefore been framed upon the total assets of Rs. 83,400-0-0.

III. The following provision has been made under the main heads, the particulars of which are given in detail in the Budget :—

		Rs.	A.	P.
i.	Original works to be executed by Public Works Department ..	.. 23,531	0	0
ii.	Repairs ditto ditto ..	.. 30,810	0	0
iii.	Establishment charges audited by the Examiner, P. W. Accounts	.. 10,900	0	0
iv.	Tools and Plant	.. 200	0	0
	Total ..	65,441	0	0
i.	Original works to be executed by Revenue Officers ..	.. 500	0	0
ii.	Repairs	.. 2,590	0	0
iii.	Charges on account of sanitation and conservancy of populous villages	3,000	0	0
iv.	Civil charges as per Enclosure D to the Budget	.. 11,869	0	0
	Grand Total of estimated Expenditure	. 83,400	0	0

The estimated Expenditure of Rs. 83,400 is thus restricted to the total assets of Rs. 83,400, not taking into account the minus balance of Rs. 16,430 as explained by the Executive Engineer in the memo appended to the draft budget.

IV. Proposed by the President that two sweepers at Rs. 4 each may be entertained to look after the Courpalais Chattram at Shimoga which is approaching completion.

Resolved that necessary provision be made in the Budget subject to the approval of Government.

V. Read and recorded Government Proceedings No. 12763-5—L. F. 117-92, dated 3rd instant, sanctioning the supplemental District Fund Budget for 1893-94.

VI. Read Forest Inspector General's Memo No. 2194—146, dated 25th ultimo, forwarding copy of the Chief Secretary's Docket No. 11035—1206, dated 15th ultimo, stating that a cash grant from Local Funds to Irachandraiya of Kirawasi, Sagar Taluk, for building a chendrasala, seems more suitable than a free grant of 50 cart-loads of wood.

The Board regret that they are not in a position to make a cash grant as the funds at their disposal are limited.

VII. Read and recorded Government Proceedings No. 12781—L. F. 144-92, dated 5th instant, stating that Government are not prepared to sanction any proposal which would impose additional charges on the impoverished District Funds of Shimoga in regard to the proposal of giving a monthly allowance of Rs. 15 to the Hospital Assistant at Benkipur.

VIII. Read the marginally noted correspondence regarding the election of Local Fund Members.

To Chief Secretary No. 99—80, dated 31st July 1893.
Government Proceedings No. 4793—381-92.
To Chief Secretary No. 465—384, dated 11th November 1893.

The Inamdars of alienated villages in the District having failed to elect an Inamdar as a member in accordance with the *Notification published in the Mysore Gazette, No. 46, dated 16th November 1893, the Deputy Commissioner has re-appointed Mr. Nadig Mojappa of Shimoga, Agent of Sringeri Matt.

*Dated 10th November 1893.

Proposed by Mr. Nanjunda Naidu that Mr. Nadig Timmappa, an old member on the Board since October 1875, might be re-elected.

Carried *nem con.*

Resolved that a modified list of members be submitted to Government for publication in the Mysore Gazette.

IX. Read Government Proceedings No. 11216—L. F. 23-93, dated 16th ultimo, stating that the special meeting convened on the 7th October last cannot be recognized for reasons therein stated and requesting that the subjects may be placed before the meeting of the Board and their approval obtained.

Recorded with the observation that the works proposed to be carried out from Local Funds General during 1893-94 have the approval of the Board. The Local Funds General Budget has since been sanctioned by Government *Vide* Proceedings No. 7895-6—L. F. 114-93, dated 14th November last.

X. Read and recorded Executive Engineer's Dockets Nos. 863 and 6, dated 13th and 29th December last, respectively, forwarding certain completion bills.

XI. Read and passed the monthly accounts of Receipts and Expenditure of District Funds for the months of October, November and December 1893 :—

Memorandum to accompany the Shimoga District Local Fund Budget for the year 1894-95.

Estimate of Receipts.—The total estimated receipts for the year amount to Rs. 83,400. According to the estimated balance at the end of 1893-94 as per Comptroller's figures, there is Rs. 16,430 to the debit of the Board. This sum should have been deducted from the estimate for 1894-95. But many important and urgent works have to be provided for during 1894-95, and most of these will be found indispensable, *vide* remarks against them elsewhere under "Estimate of Expenditure." It was therefore proposed and resolved by the Board that the Government be solicited to at least transfer the minus balance of Rs. 16,430, if not the whole expenditure incurred on the opening of Sagar-Malnad and Channagiri systems of roads from District Funds to Provincial Funds, leaving the total estimate of receipts available for expenditure during 1894-95. In the resolution of Board's Proceedings No. , dated 10th November 1893, the Government were solicited to transfer the two systems of Sagar-Malnad and Channagiri Taluk roads to the Provincial Funds with the expenditure incurred therein from District Funds amounting to Rs. 83,561. These recommendations are still pending with the Government. Pending their final orders, the amount of minus balance of Rs. 16,430 is not deducted from the receipts for 1894-95 and the budget of expenditure is prepared to the full amount of receipts, namely, Rs. 83,400.

BUDGET OF EXPENDITURE.

A.—Public Works to be executed by Public Works Department. I.—Original Works.—Civil Buildings—A sum of Rs. 1,756 is entered in the Budget to meet the $\frac{1}{3}$ cost of in-patients' wards to the Dispensaries already built as per Government Order No. 4071-53—L. F. 117-93, dated 16th October 1893, details shown in the Budget.

Communications.—There are fifteen items of work included under this head; of these the first five refer to the Sagar-Malnad and Channagiri systems of roads proposed to be transferred to the Provincial Funds. No allotments have been made for them in the Budget.

Items 6 *and* 7.—Metalling and tunnelling Sagar-Siralkoppa and Siralkoppa-Hirekerur roads.—The estimate for the first work was sanctioned during 1893, but work had to be stopped for want of funds. The traffic on these two roads is very heavy and metalling is very urgent. The continuation of this road in the Bombay Presidency to Byadgi is 26 miles, of which 14 miles have been metalled and the rest are being gradually metalled.

Item No. 8.—Bridging Koppa-Tirthahalli road.—The formation of the road is completed with minor tunnels. There are six small streams which require bridging. Its total cost will be about Rs. 8,000. Near these unbridged streams, temporary diversions have to be made over heavy paddy flats or the roadway carried over temporary log tunnels with steep approaches. Both these expedients are unsatisfactory and very trying for the traffic. They are further to be maintained at heavy outlay more than once every year.

Item No. 9.—Opening Holehonnur-Kudligere road.—Holehonnur, a large and flourishing village in the Shimoga Taluk, is now unconnected with any road system. A country track is maintained from Shimoga to the village with the Bhadra river to cross over. A road from the village to Kudligere on Chitaldroog-Benkipur road will connect it with the present road system with no large rivers to cross. This will also be a good feeder line to Holalkere Station of the Mysore State Railway.

Item No. 10.—Metalling Chitaldroog-Benkipur road between Joladahal and Danavadi.—This part of the road was gravelled with selected good stuff during the past two years but the traffic being heavy since the completion of the large bridges and the road being an important feeder to Holalkere Station and Bellary *viâ* Chitaldroog, the gravelled surface wore very badly. This section passes over the ranges of the hills between Joladahal and Kollapur through thick bamboo jungle. Good gravel is not available except at selected 3 quarries. The annual allotment is insufficient to frequently maintain the gravelled surface as gravel had to be carted from long leads. If the portion be once metalled, it can be maintained in a trafficable order with the annual allotments. The estimated cost of metalling will be about Rs. 4,000, of which Rs. 2,000 is provided for 1894-95.

Item No. 11.—Opening out a new deviation for the Varada river on Sorab-Siddapur road.—The present approach to the crossing of the Varada in the 9th mile will be under floods for three months in the year. It is in level of the adjoining paddy flats and consequently very heavy. A new diversion is necessary. Its length being about one mile, the cost will be about Rs. 2,000, for which Rs. 1,000 is now provided.

Item No. 12.—Bridging Aragadahalla on the Tirthahalli-Anantapur road.—This river is a branch of the Kushavati near Tirthahalli. Bridging of this stream formed part of a project for completing the bridge on Anantapur-Tirthahalli road estimated to cost Rs. 49,670, but kept back for want of funds. As there is no immediate project of taking up the whole work from paucity of District Funds, the more important bridge across the stream which intercepts traffic during monsoon between Humchakatta, Tirthahalli and Agumbi is now provided for.

Items Nos. 13, 14, 15.—These items are for completing the road systems partially opened in previous years. They are all important link lines connecting parts of the unopened Malnad with the present system.

II. Repairs.—Under this head Rs. 30,870 has been entered against Rs. 26,605 of last year. The increase is due, firstly to enhancing the mileage grant for Siralkoppa-Hirekerur road from Rs. 60 to 100 and for Shimoga, Sorab-Sirsi road from Rs. 60 to 75, the former grants being proved inadequate to maintain the roads against the increase of traffic ; secondly to enhanced provision under "Reserve" to meet the cost of re-building some of the urgent old log tunnels with new pakka materials, and thirdly to increase in the total length of miles to be maintained since opening the road from Channagiri to Malebennur. The total number of miles maintained last year was Rs. 450 and this year 21 miles are added.

III. Establishment.—The allotment for establishment is increased *prorata* to the expenditure budget for.

IV. Tools and Plant.—The same provision is made under this head as in last year.

V. Reserve.—Not provided for separately, the necessary requirements being entered under the respective heads of I and II.

B. Public Works (to be maintained by Revenue Department).—The increase in the allotment for the maintenance of cart-tracks under II. Repairs is due chiefly to the addition of twenty-eight miles to the length maintained last year. These tracks are very useful and the raiyats in many instances have been doing much work in maintaining them. Other provisions are practically the same as in last year.

C. Civil Charges.—The charges are less by Rs. 900 than last year's. This is due to the reduction of charges under conservancy and sanitation, the reduced allotment being found sufficient. Other smaller deviations are explained in the remarks column.

Mr. Y. Srinivasa Rao, Executive Engineer, Kolar Division.

I. The undermentioned papers were read and recorded:—

(1.) Proceedings of the last meeting dated 27th January 1894.

(2.) Government Proceedings No. 10579-81—L. F. 180-93, dated 11th January 1894, sanctioning two lists of District Fund incomplete works of the Kolar District of the past year amounting to Rs. 9,814 requiring completion during 1893-94.

(3.) Government Proceedings No. 13064-75—L. F. 402-92, dated 8th February 1894, declining to interfere with the discretion of the Municipal and Local Fund Boards in regard to the hours at which their meetings are to be held and observing that as far as possible meetings should be held during office hours.

(4.) Government Proceedings No. 13666-76—L. F. 357-92, dated 16th February 1894, sanctioning the improved style of accommodation for in-patients' wards attached to Local Fund Dispensaries.

(5.) Government Proceedings No. 171701—L. F. 208-93, dated 11th April 1894, sanctioning the entertainment of servants to take care of certain buildings and bathing places in the District.

(6.) Government Proceedings No. 17168-9—L. F. 208-93, dated 11th April 1894, sanctioning the Board's proposal to take care of the Chattram built at Urigam by contractor Lokanatha Mudaliar and to entertain a sweeper for the same on Rs. 6 per mensem.

(7.) Government Proceedings No. 15602-11—L. F. 322-92, dated 19th March 1894, directing that from 1st July 1894 the establishment and maintenance charges of all third class Travellers' Bungalows and Musafarkhanas be debited to District Funds and that those of all second and first class Bungalows be debited to Provincial.

(8.) Government Proceedings No. 18400-8—L. F. 346-92, dated 1st May 1894, passing orders for granting travelling allowance to Taluk officials when they travel beyond the limits of their Taluks to attend Local Fund Meetings.

(9.) Government Proceedings No. 15100-1—L. F. 386-92, dated 13th March 1894, sanctioning an increase of Rs. 5 to the pay of each of the two Local Fund clerks employed in the District office.

(10.) Government Notification No. 15283—L. F. 375-92, dated 15th March 1894, ruling that the powers and functions of the District Magistrate in regard to Cattle Trespass Act, shall in future be exercised by the Presidents of Municipal and District Fund Boards.

(11.) A statement of works sanctioned from the District Funds since the date of the last meeting.

II. Read Government Proceedings No. 12710-11—L. F. 104-92, dated 26th January 1894, observing that an Amrut Mahal bull will be supplied to each Taluk, if District Fund Boards are prepared to pay for the same, and that Government will favorably consider any suggestions for the reduction of prices of bulls to be supplied.

Resolved that the Government be requested to order the supply of a bull to each Taluk in the District, fixing the price thereof with reference to the average prices realized by the sale of such bulls at the Nandi and other Jatras, as directed in Government Proceedings No. 8482-4—L. F. 104-92, dated 27th November 1893.

III. Read docket No. 16016—L. F. 208-93, dated 24th March 1894, from the Chief Secretary to the Dewan of Mysore, requesting the Deputy Commissioner to place before the District Fund Board

for appropriation a proposal to increase the pay of the Dandis attached to the third class Travellers' Bungalows.

Resolved that Government be moved to sanction the pay of the Dandis attached to the marginally noted third class Travellers' Bungalows being raised from Rs. 4 to Rs. 5 in each case.

(1.) Mulbagal. (3.) Peresandra.
(2.) Jangamkote. (4.) Guntamvarpalli.

IV. With reference to Government Proceedings No. 17170-1—L. F. 208-93, dated 11th April 1894, sanctioning the entertainment of servants to take care of certain public buildings and bathing places in the District, the Amildar of the Goribidnur Taluk brings to notice that the pay of Rs. 4 therein sanctioned for the sweeper of the Musafarkhana at Goribidnur is inadequate, owing to dearness of labor, in consequence of the close proximity of the place to the Railway line and the Sugar Factory.

Resolved that the Government be requested to sanction a pay of Rs. 5 for the said servant.

V. Read Government Proceedings No. 14537—L. F. 155-93, dated 2nd March 1894, directing that the cost of road approaches to Goribidnur and Doddakurugodu Railway Stations on the Bangalore-Hindupur Railway be met from the District Funds, and stating that Government will have no objection to the works being executed, if the District Fund Board approve of the estimate submitted for the same.

Resolved that the above mentioned works be executed, and the cost met from the District Funds.

VI. Read correspondence ending with Government Proceedings No. 16765—L. F. 74-93, dated 4th April 1894, regarding the proposed purchase of the rest house with out-houses, &c., built by the Railway authorities near the Tondebhavi Station on the Bangalore-Hindupur Railway.

Resolved that the sanction of Government be applied for for the purchase of the Rest House with the out-houses, &c., at a cost of Rs. 1,500 and for the appointment of a care-taker on Rs. 5 per mensem to look after the same, the question of the construction of the Musafarkhana sanctioned for Tondebhavi in Government Proceedings No. 14305-6—L. F. 74-93, dated 27th February 1894, being held in abeyance for future consideration, after sufficient experience is gained as to the adequacy or otherwise of the accommodation afforded to the public by the buildings to be purchased.

VII. Read correspondence ending with the Executive Engineer's docket No. 77, dated 24th March 1894, to the address of the Deputy Commissioner, regarding the extension from Melur to Sidlaghatta of the road proposed by the Deputy Commissioner of the Bangalore District to be opened from Vadigenahalli to Melur.

The cost of opening out this road in the District to a length of about four and a half miles is estimated by the Executive Engineer, Kolar Division, at Rs. 10,500, and the same being prohibitive, the Board resolve that the work cannot be undertaken, as the advantage to be gained thereby, which will be the saving of a few miles in distance, is incommensurate with the large outlay involved.

VIII. Read correspondence ending with this office docket No. 3392-1919, dated 28th March 1894, to the address of the Executive Engineer on the subject of metalling portions of Budikote Railway feeder.

Resolved that the question be deferred for discussion at the next meeting of the Board, the Executive Engineer being absent from this meeting.

IX. Read copy of docket No. 2280, dated 2nd May 1894, from the Chief Engineer in Mysore to the address of the Executive Engineer, Kolar Division, requesting the latter officer to submit an estimate in consultation with the Executive Engineer, Tumkur Division, for the portion passing through Kolar Division of the proposed railway feeder road from Maddagiri to Goribidnur, and to obtain the approval of the Local Fund Board to the cost being met from the District Funds.

Resolved that the portion of the road passing through Kolar Division be opened at the cost of the District Funds, provided the Local Fund Board of the Tumkur Circle undertake the portion passing through that Division.

X. Read Government Proceedings No. 18107-8—L. F. 190-93, dated 26th April 1894, sanctioning the levy of tolls on certain roads near the British frontier in the Mysore District, and prescribing rates.

Resolved that Government be moved to sanction the establishment of similar toll gates on the following roads in this District passing into the British Territories, as the income therefrom is roughly estimated at Rs. 10,000 per annum:—

(1.) Malur-Hossur road.
(2.) Do Bherike road.
(3.) Venkatagirikota road.
(4.) Madras-Cannanore road.
(5.) Bangalore-Cadapa road.
(6.) Bagepalli-Chelur road.
(7.) Bangalore-Bellary road.
(8.) Bangalore-Hindupur road.

XI. The Executive Engineer submits the following estimates for approval, and suggests that the loop line from Dodhasala to Kolar, a distance of three miles and three furlongs, may be included among the roads to be regularly maintained from the District Funds with a mileage allotment of Rs. 30:—

(1.) An estimate amounting to Rs. 174 prepared by the Kolar Amildar for constructing a road dam and a tunnel on the road leading to the Antarganga spring.
(2.) An estimate amounting to Rs. 285 for mile and furlong stones for Goribidnur-Bairanhalli road.

Resolved that the above proposal and the estimates be approved and the works mentioned in the estimates be executed during the current official year.

The Executive Engineer submits for the consideration of the Board a supplemental application for a re-appropriation of Budget grant for the year 1893-94.

Resolved that the said application be submitted to Government for sanction.

D. RAMANUJAIENGAR,
for *Dy. Commissioner.*

FRENCH ROCKS DIVISION.

ADVERTISEMENT.

The 29th June 1894.

Notice is hereby given that sealed tenders will be received at the Office of the Executive Engineer, French Rocks Division, up to 16th July 1894, for restoring Bellur Dasankere tank, Registered No. 116 of Nagamangala Taluk. An approximate estimate of quantities is given below. These quantities are not guaranteed. The work should be completed by the end of July 1896.

2. The plans, detailed estimate and conditions may be seen at the Executive Engineer's Office at French Rocks between the hours of 11 A. M. to 5 P. M.

3. Tenders should be submitted on printed forms which may be obtained from the Executive Engineer. The tenders should be accompanied by a statement in the form given below, showing the rates at which the different items specified will be executed.

4. Each tender must be accompanied by a deposit of Rs. 200 in cash or Government Promissory Notes as earnest money, and be superscribed "Tender for restoring Bellur Dasankere tank, Registered No. 116," in default of which, tenders will be rejected.

5. The final acceptance of any tender will rest with the Chief Engineer, who does not bind himself to accept the lowest or any tender or to assign any reason whatever for the rejection of any tender.

6. Within eight days of the acceptance of the tender, the successful competitor will be required to execute the usual contract bond; in default of which, his tender will be considered cancelled, and his earnest money will be forfeited.

7. The name of the successful competitor whose tender has been accepted will be posted on the notice board in the Executive Engineer's Office in due course. No enquiries regarding the acceptance or rejection of a tender will receive any reply.

8. On acceptance of one of the tenders, the earnest money on rejected tenders will be returned.
